

## DUGAN RUN HORSE TRAIL

## VISITING WASHBURN COUNTY

The Dugan Run Horse Trail is located in east central Washburn County approximately 13.5 miles east of Spooner or 5 miles west of Stone Lake.

The north trailhead (Dugan Run) is located 2 miles north of Highway 70 on Dugan Lake Road. The south trailhead (Harmon Lake) is located 2 miles south of Highway 70 near the intersection of Harmon Lake Rd. and Hawthorne Dr.

These trailheads serve over 32 miles of designated horseback trails. The trails are a mixture of "single track", logging roads, and a small section shared with an ATV trail. A small section on the north is located on a forest road open to motor vehicle use. Riders are urged to use caution on these stretches.

Trails wind through gently rolling terrain, forested with oak, white pine, and numerous other forest types. There are views of numerous lakes and two bridges over small streams.

Designated trails are marked and signed. There are also many miles of other trails in the area where horse riding is permitted. The Nordic Ski Trail to the east is closed to equestrian use.

## TRAILHEADS AND CAMPING

Both trailheads have water, bathrooms, pavilions, picnic tables, fire rings, grills, manure vaults and large parking areas.

The Dugan Run Trailhead (North) offers primitive camping with 10 campsites.

The Harmon Lake Trailhead (South) offers more modern camping. The site offers 9 campsites with electrical service. This area also has an electric well and two water sources.

Users are asked to collect all manure and place it in the concrete vaults located on site. There is no garbage pickup service at either site. Campers are asked to dispose of their own garbage. Campers are permitted to gather firewood from County Forest adjacent to the trailheads.

### Rates:

Dugan Run (North): \$10.00/night  
Harmon Lake (South): \$15.00/night

Welcome to Washburn County, "Northwoods in Every Direction." Washburn County is the perfect home base to begin and end each day of your get-away adventures in Northern Wisconsin.

Wilderness hunters, anglers and wildlife enthusiasts are drawn to Washburn County because of its unique natural attributes. Washburn County has over 150,000 acres of wild, public lands, making the area a great get-a-way to enjoy all that nature has to offer. As a result of sparse population and careful land management practices, Washburn County's lakes and rivers have superb fishing and recreational possibilities.
